About the Institute
National Institute of Technical Teachers' Training & Research (NITTTR), Kolkata started its journey in 1965 under the Ministry of Education, Government of India and became an autonomous institution in 2013. Government of India, in 2003, accorded national status to this Institute. The primary focus of the Institute is to provide in-service training to the teachers and staff of Degree and Diploma level technical institutions and conducting activities related to the quality improvement

of the technical education system of the country. The focal activities of the Institute incorporate Short Term Training programmes, Learning Resources Development, Educational Research and Management as also Extension Services, Curriculum Development. Apart the Institute is offering three M. Tech. Programmes in Manufacturing Technology, Multimedia & Software Systems and Mechatronics Engineering.

Objectives of the Conference

The 1st International Conference on Mechanical, Aerospace and Metallurgical Engineering (INCOMAME 2024) aims to bring together leading academicians and researchers to exchange and share their experiences and research outcomes in the areas of Mechanical Engineering, Manufacturing Technology, Automobile Engineering, Aerospace Engineering, Mechatronic Engineering, Material Science and Interdisciplinary field. INCOMAME 2024 is going to be hosted by the National Institute of Technical Teachers' Training and Research (NITTTR) Kolkata on 22nd – 23rd November 2024. The Conference will provide excellent opportunities for the presentation of interesting new research results and discussion about them, leading to knowledge transfer and the generation of new ideas.

This International Conference on Mechanical, Aerospace, & Metallurgical Engineering (INCOMAME 2024) will provide a common platform to researchers, scientists, academicians, industry people and entrepreneurs to showcase their findings and innovative process/ products in the fields of Mechanical Engineering, Materials Science and Interdisciplinary areas.

Scope of the INCOMAME 2024

Papers are called in the following areas, but not limited to:

- Manufacturing Science & Technology
- Automation in Manufacturing system
- Additive Manufacturing
- Nanomaterials and Nano Manufacturing
- Green and Sustainable Technology related to Mechanical Science and Engineering
- Composites/nanocomposites
- Biomaterials & Super-alloys
- Design Engineering/Mechanics
- Thermal Engineering/Energy
- Electro-mechanical Systems
- Welding Technology
- Powder Metallurgy
- Fluid Structure Interaction
- Tribology
- Modelling & Simulations
- Aerospace/ rocket Propulsion, Combustion
- Mechanical aspects of Spacecraft / payloads
- Design Engineering/Mechanics
- Ergonomics
- Mechatronics
- Materials Science and Engineering

Publications

- All accepted papers will be published in the Conference Proceedings.
- We are negotiating with Springer for the publication of selected peer reviewed papers.

Paper submission guidelines

All papers must be original and not simultaneously submitted to another conference or journal. Maximum page limit of the contributed paper is 10 in A4 size pages, 12 font size for text, 14 font size for title and headings, with single line spacing.
